Dear Central Point Software Customer,

Thank you for your purchase. Like you, we recognize the importance of making backups of software so you will find that this product is not "copy protected" in any way.

In case you are not yet familiar with the copyright law as it relates to making copies of computer software, we'd like to take this opportunity to discuss it with you.

Many manufacturers of computer software copy-protect their products to physically prevent people from making copies and giving them away or reselling them. **Under the copyright law, you have a right to make copies to use in the event your original disk no longer functions. It is important to note that this is the only right to copy afforded to you under the law,** and both we and other software publishers request that you do not make copies for any other purpose.

Some states have enacted or are considering enacting "Shrink Wrap" license enforcement acts which may or may not affect your right to make backups of certain software products. We suggest that you check your state law to see whether it applies to you in this regard.

As part of an industry-wide effort to inform people of their rights under the U.S. copyright law, we have enclosed a copy of ADAPSO's "Thou Shalt Not Dupe" flyer. We hope you will take a moment to read it before using our product.

THANK YOU again for your purchase! We know you will find using your computer much more pleasant knowing you have safely put away backups of your valuable software.

Sincerely,

Michael D. Brown
President
